CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum is designed by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur to which this institution is affiliated. Naturally we follow the syllabus prescribed by it in all the subjects. Ensuring effective curriculum delivery through a well planned and documented process is the primary concern of the institution for which the following initiatives are taken:- 1. An informal staff meeting is convened by the Principal at the beginning of every academic year to devise strategies for effective implementation of the curriculum. An academic calendar of the college is prepared in accordance with the one given by the university. Workload is distributed among teachers as per the existing norms, and time table for the year is prepared. 2. Every teacher devotes some teaching periods to appraise the students about the syllabus, unitization, distribution of marks, question paper pattern, etc. in the beginning of every academic year before starting actual teaching work. 3. The Principal ensures that the teachers prepare annual teaching plan, maintain a

daily diary and strictly adhere to the academic calendar prepared by the Institution and curriculum is completed well within time. 4. Audio-visual aids are frequently used in the classroom and library for making the teaching learning activity interesting and student friendly. 5. Periodic tests are conducted, assignments are given and viva-voce is taken to assess the student's progress. 6. Working hours lost due to commemorative and other programs held in the college are compensated. 7. Quality reading material is provided to students besides books recommended by the university. 8. Tutorials for batches of 20 students are regularly conducted in the subject Compulsory English so that every student gets individual attention.

1.4.1 - Whether structured feedback received from all the stakeholders.

Students	Yes

Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Both Arts and Science student are given feedback forms and are asked to submit them before the start of their university examinations. We select 10 of the current students and 05 of alumni and parents randomly for this purpose. All the necessary aspects such as syllabus, teaching method, reading material, evaluation methods, teachers' punctuality and their knowledge, academic facilities, infrastructure, sports and other facilities, extracurricular activities, prizes and awards, grievance redressal method, students' security, quality of administrative services, career guidance and counselling, discipline, cleanliness, first aid, and teacher student interaction are covered so that the feedback received from the stakeholders would help us improve wherever required. Different yardsticks are used for responses to different questions. Generally the feedback is sought on a 05 point scale from 01 to 05 ranging between very good and very poor (1 Very Good, 02 Good, 03. Satisfactory, 04. Poor, 05. Very Poor) and the responses are put into the numerical form for analysis. The feedback received from the stakeholders is then analyzed, and averages and percentages of various criteria are calculated. The strengths and weaknesses pointed out by the stakeholders are reassessed. The future action is then decided accordingly.

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Students mentoring system is very much available in the college. It has been there for years now. We used to call it Tutor Ward system wherein a teacher was given the responsibility of some students and was asked to try and sort out their academic problems through pep talk and personal guidance outside the classroom. The number of students admitted to the college was divided by the number of teachers so that every student got attention and no teacher felt over burdened. The attendance of the students was also monitored and students who had difficulties in attending the classes regularly because of poverty were given time according to their convenience. The teachers would then and even now pay admission and examination fees of such students. The same system is being introduced now as the Mentoring system. Under this system, every student studying in the college has a full time teacher as their mentor. We have a special time slot reserved for mentoring purpose in the time table. The mentor mentee lists are displayed on the college notice board once the admissions are over. Students are informed about this system being in place and are encouraged to talk freely with their mentors about their issues/difficulties. The mentors are given the responsibility to ensure regular attendance, academic progress and psychological well being of their mentees. They provide primary counselling to those who need it and advise them to go for professional counselling, if required. The mentors take into consideration educational background and socioeconomic status of the mentee before guiding him/her. They also maintain a register to record their meetings with the mentees. Both formal and informal means of mentoring are used. The mentoring system, apart from its formal part, is a robust informal mechanism to boost inclusiveness, gender sensitivity and social responsibility of students.

BSc	NA	NA	31/05/2020	15/06/2020

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college persisted with the traditional evaluation methods of conducting oral tests and unit tests during the class, and prelims at the end of the academic year before the university examinations besides giving the students home assignments as part of Continuous Internal Evaluation. Their performance is recorded at every stage and corrective measures are suggested. The students are divided into groups and are made to discuss certain problems. They are also encouraged to ask questions inside as well as outside the class so that their difficulties are sorted out and they are benefited in the final examinations. Special care is taken when it comes to objective type questions. Question papers of university examinations conducted in the past are preserved in the college library and every teacher makes use of them for guiding the students. Question banks are prepared on the basis of these question papers which the students find quite handy.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college prepared the academic calendar at the beginning of the year and displayed it on the college notice board for information of the aspiring students of the academic session. The tentative dates of unit tests, curricular as well as cocurricular activities, inter class sports tournaments, university examination dates, holidays and vacations, etc. were mentioned in it. The subject wise teaching plan was designed and followed accordingly. The courses were completed to the satisfaction of the students in due time so that the students got time for preparing themselves for the university examinations.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The institution does have a crystal clear policy for maintaining and utilizing physical, academic and support facilities. Although ours is a small unit with very limited resources, we have trained ourselves in utilizing our resources optimally. For example, we have 3 classrooms of 120 seating capacity each on the ground floor out of which 02 classrooms have ICT facilities, which we normally use for classes of compulsory languages. But we use the same whenever we have to give PPT presentations, or we organize seminars, conduct various programmes as well as examinations. Similarly, arrangements of lunch are made in the Geography laboratory for the guests/committee members who come to our college. We have made it a point to maintain our facilities in the best possible condition. Even a round of the campus is enough to know which part or facility needs attention. On noticing any discrepancy, the Principal is informed about it immediately. Most of the times it's done so informally that

we don't even realize it till it's over. On being informed, the Principal reassesses the situation, and depending on the expected expenses he decides whether the matter is in his jurisdiction or needs Local Management Committee's approval. Local expertise is explored for minor repairs of wooden furniture, electrical appliances and plumbing work. For major ones, the experts are to be summoned from Nagpur. The classrooms, library, Geography laboratory, urinals and the entire college campus are kept neat and clean by the peons of the college. The NSS unit and the Clean and Green Campus Committee also play their role in maintaining cleanliness of the premises. Optimum utilization of the infrastructure and facilities available is ensured.

A formal Students' Council is formed in the college if there is a circular

issued by the university to that effect. Otherwise senior students of the college get together and form a body which also gives representation to newcomers. There is a students' representative almost on every important academic and administrative committee. Even alumni are given the opportunity to represent their lot on an important committee like IQAC. Meeting notices are issued to them also. They are encouraged to express their views candidly. Their suggestions are accepted and implemented too depending on the merit of the suggestions. The energy of the youth is fully utilized and they are given the responsibility of organizing all the programs conducted in the college including events organized during teacher's day. We have been doing this for years despite girls' majority in the admitted students.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Staff members are always co-operative and supportive in all respects. The college campus is under the surveillance of CCTV and the observant eyes of the Principal. A spacious and cozy girls' common room with an attached lavatory is available. Various programmes on women's emancipation, empowerment, and selfemployment are regularly organized. The college campus is quite safe, secure, and trustworthy as staff members keep a strict vigil on the activities happening on the college campus. In addition to boys, girl students are also motivated to participate in various extra-curricular and cocurricular activities. As a result, girl students have also enjoyed remarkable success in many fields. The Career and Placement Cell of the institute organizes useful and inspiring guest lectures to provide invaluable coaching. It also organizes mock competitive examinations to assist students in their preparation for various competitive examinations. In such activities, more girl students are participating and benefitting a lot. Due to the conducive atmosphere in the sports department of the college, girl students have brought laurels to the institute by giving excellent performances in the university competitions. Girl students can also join N.C.C. for the overall development of their personality. The NSS and N.C.C. units of the institute are different from others in terms of having the capacity to produce mature social workers and cadets respectively for the Indian Army and other related organizations.
