SHRI LEMDEO PATIL MAHAVIDYALAYA, MANDHAL FEEDBACK COMMITTEE

Importance of feedback

Feedback is an essential part of effective learning. It helps students understand the subject being studied and gives them clear guidance on how to improve their learning. Academic feedback is more strongly and consistently related to achievement than any other teaching behaviour...this relationship is consistent regardless of grade, socioeconomic status, race, or school setting. Feedback can improve a student's confidence, self-awareness and enthusiasm for learning. Effective feedbacks during every year enhance learning and improve assessment performance.

The main objectives of student evaluation of teachers are:

- To gather information about student weaknesses.
- To make teachers take teaching seriously.
- To help teachers adopt innovative methods of teaching.
- To identify the areas of further opportunities for improvement.

FEEDBACK COMMITTEE

Importance of feedback

Feedback is an essential part of effective learning. It helps students understand the subject being studied and gives them clear guidance on how to improve their learning. Academic feedback is more strongly and consistently related to achievement than any other teaching behaviour...this relationship is consistent regardless of grade, socioeconomic status, race, or school setting. Feedback can improve a student's confidence, self-awareness and enthusiasm for learning. Effective feedbacks during every year enhance learning and improve assessment performance.

The main objectives of student evaluation of teachers are:

- To gather information about student weaknesses.
- To make teachers take teaching seriously.
- To help teachers adopt innovative methods of teaching.
- To identify the areas of further opportunities for improvement.
- Teachers become familiar with their students' preparation, knowledge, and abilities, and adjust their teaching to maximize the class's learning.

Types of feedback taken by feedback committee:-

Feedback committee of Shri lemdeo Patil Mahavidyalaya was constituted under the guidance of principal for conduction and evaluation of year wise feedback related following categories:

- STUDENT FEEDBACK FOR CURRICULUM AND INSTITUTION
- PARENT FEEDBACK FOR CURRICULUM AND INSTITUTION

Subject: Submission of selected points from students, parents, alumni, faculty, and employer's feedback analysis report on syllabus

Respected Sir,

We take feedback from various stakeholders, such as students, parents, alumni, faculty, and employers, every year. In the session 2023-24, feedback has been taken from the stakeholders, and after analyses, a few common points have been figured.

We are submitting the same suggestion regarding consideration in designing the syllabus. The suggestions are as below:-

- The curriculum needs to adapt to the evolving needs of the employment.
- Sustainability and environmental experiential learning topics have to be included in the curriculum
- Cross-cutting concerns of human values, professional ethics, etc., must be included in the curriculum.
- The curriculum should include courses on communication skills and personality development.

Therefore, we kindly ask that the aforementioned recommendations be taken into account when the curriculum is revised.

Thanking You in Anticipation!
